

Ahmed Ghunaym Khan

Water & Sanitation – Water Well Report

Water is a basic human necessity and a vital natural resource for all aspects of life. Unfortunately, access to clean water is a right that has been denied to many of the poorest people in the world.

MAA believes that everyone should be able to access clean water and that this access underpins all other aspects of development.

Our WASH programmes include building Community Water System, Boreholes, Deep Water and Shallow Water Wells.

Our Water and Sanitation programmes incorporate building infrastructure, improving sanitation, and developing hygiene awareness.
