

What's been happening?

Hello families, welcome to our first newsletter of the Term! We began this term with a lot of new friends at OSHCLUB and It has been such a great time growing our connections and meeting most of everyone's families.

We have also had some changes around our After School Care routine and made a new Implementation to our reflective daily journal. Previously, we used to post the daily pictures of our activities on our website, however, we have recently started using Class Dojo. This platform will enable us to post photos and a summary of what your child/ren have been up to everyday at OSHCLUB, facilitate communicating messages to all parents, for example: the weekly planned activities & messages regarding our clubs, and will also help us keep track of which parent have accessed the platform and seen our posts.

The majority of our families have met both permanent educators who run the After School Care program at Al Siraat College. However, for those who haven't yet, please refer to the section on the right to see who we are and be sure to pop In and say hi upon pick up! :)

Please view our club section to see what clubs we are running this term! We have already started this week. We have our Science Club running every Mondays and our STEM Club running every Fridays. So, feel free to go ahead and booking your child/ren In for those days to conduct some super cool experiments!

Educators

Rajvi Dhundoo

Matthew Jones

Daily routine

If you have not yet received a link to connect/ join Class Dojo from us. Please let us know ASAP! 😊
